

## POULTRY

1. All specimens competing for premiums must be strictly the property of the exhibitor for at least 6 months prior to the fair or, if less than 6 months of age, must be the offspring of birds owned by the exhibitor for six months prior to the fair, and a standard recognized breed.
2. Poultry originating within the state must come from healthy flocks with no evidence of infectious, contagious and/or communicable diseases. All birds must be inspected, identified and be accompanied by written proof (Connecticut Flock Test card or Connecticut Veterinary Medical Diagnostic Laboratory Report) that verifies that the breeding flock or the individual birds listed on the report were blood-test negative for Salmonella pullorum with 365 days of the show date. Concurrent Avian Influenza testing of the flock and/or individual birds is strongly recommended. Poultry vaccinated within 30 days with any live virus vaccine will be prohibited from showing. All cages, crates or vehicles used for housing or transporting poultry must be cleaned and disinfected before and after each show, wheelbarrows/shovels recommended at end of fair. Doves, pigeons and water fowl are exempt from testing requirements except they must be identified with leg or wing tags
3. Out of state Poultry may ONLY come from New England states and must comply with the Connecticut Department of Agriculture's 2017 Connecticut Fair and Show Requirements. Copies of the requirements are available from the Superintendent of Exhibits, any 4-H office in Connecticut or the Connecticut Department of Agriculture.
4. The committee has the right to accept or reject part or all of an entry. Any bird showing symptoms of sickness or disease will not be allowed to be exhibited.
5. Entries received after the deadline (August 25<sup>th</sup>) will be accepted at the discretion of the fair
